
Ploytec USB Asio (USB 2 Audio) Driver 2.8.40 (64-bit) |VERIFIED|

Jul 9, 2010 Input: Audio_asio_driver-license-key-plertec-usb Downloaded the new Ploytec USB Asio Driver 2.8.40, and the drivers got installed correctly, even on a x64 machine. But testing it, it didn't work, it could not. It seems that Ploytec has "Banned" the drivers for Windows XP. Sep 27, 2009 I've tested the 8 bits stereo at 96 kbit/s for Windows XP 32 bit and it worked fine, so it should work fine for 64 bit as well (for the new driver by Ploytec) and on the Behringer side the pre 32 bits driver seems to work well. but I have this strange problem, the asio driver from Ploytec will only work at 96 kbit/s Oct 7, 2009 I installed both 64-bit and 32-bit drivers from Ploytec (version 2.9.25) to see if the problem is the version of Ploytec's drivers. Both work fine with the high-speed OUTES, but I don't get sound with either the high-speed INPUT OR the IEC958 INPUT. Nov 17, 2009 I've tested the Ploytec driver (2.9.27) and I got sound at 96 kbit/s for both inputs and outs Oct 13, 2008 Ploytec released a new driver, version 2.9.25 that can work at 96 kbit/s (INPUT/OUTPUT). I think that this new driver includes some sort of license key. Nov 4, 2008 Ploytec releases a new driver for Windows XP 64 bit (version 2.9.25) Nov 1, 2008 I have tried Ploytec's driver for version 2.9.26 (64-bit) and it did not work with my Behringer USB midi interface. Feb 4, 2008 I have tried Ploytec's driver for version 2.9.19 (64-bit) and it did not work with my Behringer USB midi interface. Aug 12, 2008 I tested the Ploytec USB ASIO driver for USB 2.8.38 and works fine. Jan 29, 2006 I used Ploytec's driver for version 2.8.34 and got sound
