CAPTICALLM Isable to change product applications 9/30/2015 This tool is perfect for anyone who wants to make money in the stock market or wants to invest in the stock market, especially for the finance businesses in the United States. For people who are interested in having a passive income, this tool is a must have. Passive Income List 5/10/2015 This application was not as described. The instructions for downloading the software were missing. I was sent a link which was not working. What was sent to me was a free 60 day trial version. There was no way to get rid of it and I could not get the software to work, I contacted the company and could not get a straight answer. NO THANK YOU. Great tool 4/11/2015 It is a great tool to make money in the stock market. Works great 4/5/2015 This application was exactly as described and is a fantastic tool to make money in the stock market. I bought it for my son and it's worked great so far! Well Worth It! 4/5/2015 The software works exactly as described. The customer service I had was fantastic and the software runs smoothly. I was not disappointed in one bit! Ned's Security 4/3/2015 I own a well known security company and my customers are always clamoring for our product. Ned's Security is nothing short of amazing. Our customers are always more than satisfied with the results. The software worked in every instance. In one instance, the user did not have the correct format for his business email, and after some additional communication with the company, he was able to use his business email. I would highly recommend Ned's Security to all of my customers. Drops Shipment Rates 3/13/2015 I owned and ran a freight broker/consignee for 25 years. I have not and will not use any type of software to manage my transactions. I do not need to spend hours looking for rates. Any company that has market rates for any commodity and provides a method to review the rates within minutes is
